Subject — Re the revised estimate for the electrification of the pumping plant at Punigal

SIR

In forwarding herewith in original the entire correspondence ending with letter No G C 97/40-41 dated 27-6-1941 from the President, Town Municipal Council, Punigal, on the above subject, I have the honour to state as follows -

The president states that an estimate for Rs 698/- was originally received from the Sanitary Department in regard to the electrification of the pumping plant and that the Municipal Council had resolved to approach Government for a grant of Rs 500/- towards the purchase of an electric motor On a subsequent reference received from the President, a recommendation was made by this office to Government for sanctioning a grant of Rs 500/- for the purpose, but it was observed by Government (vide Law Secretary's letter No L 3801/M1 100-39-7/ dated 10-10-1939) that a Government grant was not necessary and that the cost of the electric motor could be met out of the investments This has been since paid by the Municipality

It is now stated that a revised estimate has been received from the Sanitary Department, for Rs 1013/- requesting the adjustment of the balance of Rs 315/- The Council have resolved, at their meeting held on 17-4-1941, that the amount in question may be paid out of Municipal funds and the President now seeks sanction to the same

I request that sanction of Government may be kindly obtained to the resolution of the Council, for the payment of the balance of the amount due to the Sanitary Depart - ment out of the closing balance of the Municipality during the current year

I have the honour to be,
Sir,
Your most obedient servant,

Deputy Commissioner,
